

Amendments to the Drawings

Figures 17-21 have been labeled prior art to correspond with the specification.

REMARKS

Applicant thanks the Examiner for a favorable review of this application.

The objection to the written disclosure because of the substantial duplication between paragraphs [0053] and [0054], with paragraphs [0056] and [0057] has been considered. The specification has been amended to delete paragraphs [0056] and [0057]. Therefore, Applicant believes the objection to the written disclosure should be withdrawn.

The objection to Figures 17-21 as not including the legend --Prior Art-- has been considered. Replacement Figures 17-21 (sheets 6/8-8/8) submitted herewith provide proper legends. Approval of the corrected formal drawings is respectfully requested.

The drawings are also objected to as including a reference character "258B" not mentioned in the description. Paragraph [0017], line 5 of the originally filed specification references the bottom 258B of the hole. Therefore, withdrawal of this objection to the drawings is respectfully requested.

Applicant appreciates the allowance of Claims 1, 2 and 4-18 and the indication of allowable subject matter in Claim 3.

The rejection of Claim 3 under 35 USC §112, second paragraph, as being indefinite has been considered. Claim 3 has been amended to address the antecedent basis issue. Claim 3 is now believed definite and withdrawal of the rejection is respectfully requested.

Claims 1, 12, 13 and 15 have been amended to address informalities therein. The scope of the claims is not believed affected by the amendments.

Favorable reconsideration of this application and
allowance of Claims 1-18 is respectfully requested.

Respectfully submitted,

Brian Tumm
